## Convention: Beverly Hills—Get Ready for the Show

### Brian Tracy

*Enthusiastic* is the only word to describe how you will feel after listening to this phenomenal speaker. Brian Tracy has truly made a name for himself through education and experience. For 30 years, he has studied, researched, written and spoken in various fields including economics,

business, philosophy and psychology. He is a top-selling author of over 45 books, and he has written and produced more than 300 audio and video learning programs. Before founding his company, Tracy was the chief operating officer of a \$265 million development company. He has performed high-level consulting assignments with many multibillion-dollar corporations, and he has traveled and worked in over 80 countries on six continents.

His business experience is a force to be reckoned with, but his dedication in seeking new ideas and knowledge to pass on to others so that they may succeed is remarkable and truly respectable. Every member of AIL/NILICO, no matter what position or area of expertise, will greatly benefit from attending Brian Tracy's speaking engagement. We could not be more proud to offer this once-in-a-lifetime opportunity to the successful men and women who will be a part of leading AIL/NILICO to \$250 million.

### Three Dog Night

Need we say more? A true legend, this band controlled the airwaves and music charts in the late 60's and early 70's and was one of the most popular bands in

America during this time. Forty years later, these guys continue to hold the best Billboard Top 100 Chart average. Prepare to be entertained at this show-of-a-lifetime!

### Picture this:
